Enjoy Design Freedom

Unlike others, we don't offer "collections" from which to choose. No two homes or needs are alike, and your options shouldn't be limited by pre-determined selections. Everything we offer is custom-designed and custom-built for you.

You choose the style...the colors...the finishes...and the accessories you want. Whether you prefer contemporary, traditional, or classic, we've got you covered.

More Design Choices for Any Need

We offer multiple door styles in a huge variety of color and finish options to blend perfectly with your taste and décor. Your finished project will look great, and fit perfectly! And everything is built to last a long, long time.

We provide solutions for almost any organization issue, that work anywhere in your home. Closet clutter out of hand? We can show you how to use every inch of your closet space. Need an entertainment center or bookcases that work great and look perfect in any room of your home? We can help.

Turn-key Solutions

Our process is simple, starting with a no-obligation consultation. We'll create a custom design for your unique needs and order everything for you. When your custom-built project is complete our professionals will install everything for you.

Left: Store books and collections in great looking shelves and cabinets like these and turn a room into a great library

Below left: Gorgeous Showroom quality walk-in closet

Below: Tons of shoes to store? This great solution organizes them and lets you see everything

Above: A great unit for an entryway or mud room

Right: A great organizer for a family or great room

Eliminate Clutter with a Custom Closet!

Closets are often one of the least organized, and under-utilized areas in our homes. All too often this space goes to waste because of overwhelming and embarrassing clutter! Let us show you how to use every inch of space your closet has to offer with our complete, turn-key design and installation services.

Closet Systems That Offer You More

More Quality

Our cabinetry is made from high quality materials and hardware, so your closet will stand up to daily use and work and look great for many years. All cabinetry will be custom manufactured to your exact specifications, ensuring your final closet organizer will fit like a glove.

More Choices

You're not limited to a "collection" or a standard off-the-shelf solution. Every closet and need is different, so we offer 17 shelf and cabinet depths in virtually any height to fit any space. With our huge variety of colors, finishes, styles, and accessories, will fit your needs exactly.

More Style

We offer multiple door styles – contemporary, traditional or classic – all in a wide variety of finishes. Our designers will ensure your custom closet will look and work great! Finally, your closet will be installed by factory-trained professionals, ensuring proper fit and function.

Additional Custom Closets!

Custom Designs for Any Type of Closet

Walk-in Closets

An organized custom walk-in closet can get you off to a great start each day. Whether your space is large, or not-so-large, we can use every inch of it. And your closet will look and function great. We offer more options than our competitors, and you're never limited by pre-determined selections.

Reach-in or Built-in

Even a small space will benefit greatly from a custom-built organizer that makes efficient use of every inch of your closet. Looking for a different take on a reach-in closet? Use your existing closet space for a custom built-in (above) that will look great in any room of your home.

Wardrobe Closets

No existing closet space in your room? We can transform any space into a free-standing wardrobe to provide the storage you need, even if none existed before. And with the variety of styles, colors and finishes available, your wardrobe will blend with any décor and look like a custom piece of furniture.

Accessories to Complete Your Closet

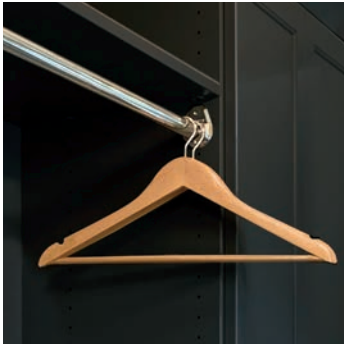

Accessories will complete your custom closet and turn it into a functional organized space. With our large variety of rods, baskets, bins and racks, you can personalize your space to work exactly the way you want. Finally, complete your closet makeover with decorative handles and pulls in complementary colors and finishes.

Cabinet and Door Styles

Unlike others, we don't offer "collections" from which you can choose. Everyone's needs and tastes are different and should not be limited by our design choices. We offer three door styles, each with distinct color and finish choices, so you can be certain to find a style to suit your tastes and décor.

Shaker Doors

Shaker doors offer a clean stylish look that works well anywhere.

5 Piece Shaker doors feature true stile and rail design in beautiful woodgrain finishes and textures.

Shaker Style doors are available in solid powder coat colors.

Raised Panel Doors

Want more style choices? Raised Panel Door styles are available to match any décor... contemporary, traditional or classic.

Raised Panel doors are available in a variety of solid color powder-coated finishes.

Flat Panel Doors

This clean, simple style works perfectly with any contemporary or modern décor.

Flat Panel doors (often called slab doors) are available in a wide selection of melamine woodgrain finishes and solid color choices.

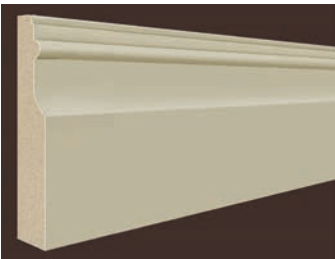

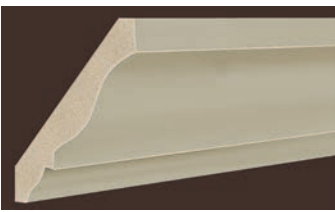

Drawer Boxes

Our drawer boxes are constructed from top-of-the-line Baltic birch and feature superior dovetail construction for durability. All drawers feature full-extension drawer glides for maximum usability.

Trim and Molding

Custom trim and molding provide the finishing details for your project. Baseboard or crown molding are an attractive way to deal with uneven floors or ceilings. Trim is finished in solid colors to complement your cabinets.

Powder Coat and Melamine Finishes

We have colors and finishes that will complete any décor. Whether you want a simple solid color, or a classic woodgrain look, we can help. We offer finishes for each style of door.

Powder Coated Doors

We offer eleven beautiful powder coat colors that are great by themselves or used in combination with melamine woodgrain or solid color finishes.

Powder coating works great on Shaker Style, raised panel or flat panel doors. Powder coating results in a seamless finish that is attractive and extremely durable.

Melamine Doors

Melamine is a sheet material used on our Shaker 5-Piece and our Flat Panel door styles. Melamine is also used on side panels.

Melamine offers a wide range of woodgrain and solid color finishes. Some textured woodgrain melamine is nearly indistinguishable from natural wood.

Powder Coat and Melamine Color Choices

Beautiful color choices that are available in either powder coat or melamine finishes

Melamine Woodgrain Finish Choices

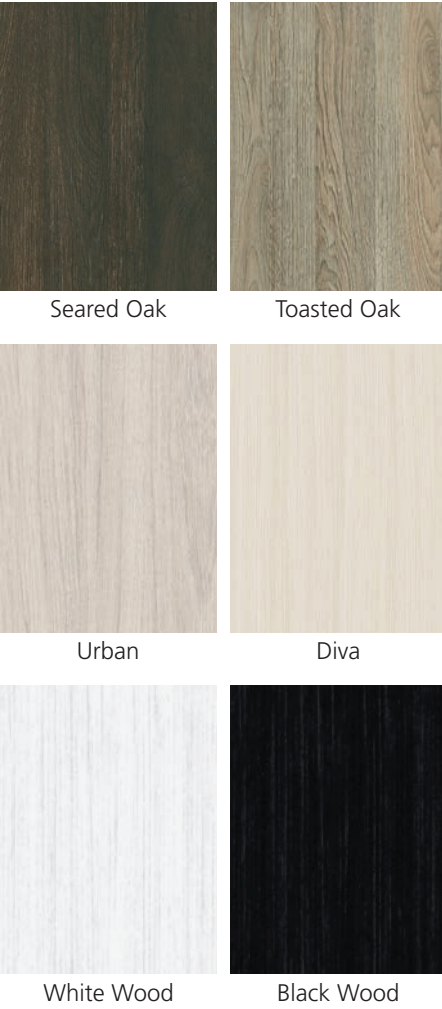

Smooth Woodgrain

Attractive woodgrain patterns feature smooth matte or suede finishes in a variety of rich colors to match any décor.

Textured Woodgrain

Textured finishes create a rich authentic look and feel with a striated woodgrain texture and great color choices.

“Taction” Woodgrain

Our premium woodgrain finishes feature “synchronized” patterns and textures that are difficult to distinguish from the real thing.

Melamine Pattern Finish Choices

Smooth pattern finishes can be used alone or in combination with solid colors

Organize Every Area of Your Home

From custom home offices to entertainment centers, we can create the functional and organized space of your dreams. Let us show you how we can organize every room in your home with our great selection of cabinets for closets, garages, home offices, pantries and much more.

Right: A dream pantry for any home

Far right: Watching TV is a pleasure with a custom-built media center

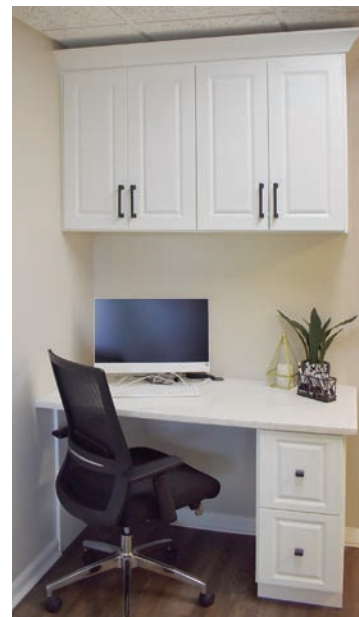

Below: Add a gorgeous touch to any dining room with this custom built cupboard

Left: Built in shelves and storage create a focal point in any family room

Below Center: A functional home office would look great in any home

Below: Great storage and shelves that would look great in any room

Above center: Turn any small area into a home office

Above right: Doing laundry is a little more pleasant in a bright laundry room like this

Right: These cabinets provide great storage in any room or walk-in closet

Far left: Another great walk-in closet

Left: Don't forget the largest room in your home...your garage. We offer a complete line of powder-coated custom cabinets built for the garage environment
